OPENING........................................................................................................ plaster of William & Mary Presiding

Processional* The William & Mary Choir

The William & Mary Hymn
The National Anthem*
The Welcome

Greetings

CONFERRING OF HONORARY DEGREES & REMARKS ...................... The Chancellor

The Rector

John E. Littel P’22

The President

Thomas E. Lovejoy ........................................................................................................ Doctor of Science
Donald N. Patten ........................................................................................................ Doctor of Laws
Anthony S. Fauci ........................................................................................................ Doctor of Science

RECOGNITION OF AWARDS & STUDENT REMARKS ....................... The President

The Lord Botetourt Medal
The James Frederic Carr Memorial Cup
The Thatcher Prize for Excellence in Graduate and Professional Study
The Algernon Sydney Sullivan Awards
The Thomas Ashley Graves, Jr. Award for Sustained Excellence in Teaching
The Charles Joseph Duke, Jr. and Virginia Welton Duke Award

Student Remarks
Student Commencement Speaker
Kathryn Donati ’20

CONFERRING OF EARNED DEGREES .................................................. The President & Deans

CLOSING..................................................................................................................

Alumni Induction Chief Executive Officer of the Alumni Association
Marilyn W. Midyette ’75

Closing Remarks

Honorary Degrees

HONORARY DEGREE RECIPIENTS

Tom Lovejoy
Doctor of Science

Thomas Eugene Lovejoy, you champion global conservation efforts and conservation biology on the world stage. Known as the “godfather of biodiversity,” you’ve brought international attention to the world’s tropical rainforests, including most notably the Brazilian Amazon.

A graduate of Yale University, you first traveled to the Amazon in 1965 for your doctoral studies. Your passion for the region and discoveries has never dimmed. Recognized as the founder of climate change biology, you coined the term “biological diversity” and originated the innovative concept of debt-for-nature swaps. This idea has supported conservation projects around the world.

Your work exemplifies the highest standards of evidence-based research and science that universities uphold. At the same time, you care deeply about access to good science for a broad audience. Through the popular public television series “Nature,” you have expanded accessibility to scientific research to a wider audience. You also founded and serve as president of the non-profit Amazon Biodiversity Center and the renowned Biological Dynamics of Forest Fragments Project.

Innovative, versatile and accomplished, you have the rare ability to move between the jungle, your field site and the halls of government. You share your wisdom in environmental policy with national and international leaders. The Reagan, Bush and Clinton administrations tapped your expertise on science and environmental councils. As a U.S. Department of State-appointed Science Envoy, you have traveled to Brazil, Peru, Colombia, Indonesia and Malaysia to advance inter-country policies to safeguard tropical rainforests.

In 2010, you were named University Professor in the Department of Environmental Science and Policy at George Mason University. You also serve as Senior Fellow at the United Nations Foundation. In the past, you’ve served as President of The H. John Heinz III Center for Science, Economics and the Environment, Chief Biodiversity Advisor to the World Bank, Assistant Secretary for Environmental and External Affairs for the Smithsonian Institution and as Executive Vice President of World Wildlife Fund-US.

The impact of your work has earned you your field’s most prestigious awards for your contributions to our understanding and defense of biodiversity. Your accolades include the Tyler Prize in 2002, the BBVA Foundation Frontiers of Knowledge Award in the Ecology and Conservation Biology Category in 2009 and the Blue Planet Prize in 2012. You have authored numerous articles and five books and serve on scientific and conservation boards and advisories, including the New York Botanical Garden, Cary Institute for Ecosystem Studies and The National Zoo.

Thomas Eugene Lovejoy, William & Mary is proud to honor you as the first scientist to bring the global tropical deforestation problem to the forefront as a public issue and for your steadfast advocacy on behalf of conservation efforts worldwide. With the authority vested in me by the Board of Visitors and the Ancient Royal Charter of The College of William & Mary in Virginia, I hereby confer upon you the degree of Doctor of Science, Honoris Causa.
Donald Neal Patten, yours is a life distinguished by commitment to your profession and community. Time and again, you have stepped up in service to our region, the Commonwealth and this university.

A native of Newport News, Virginia you have tirelessly sought to promote a flourishing eastern Virginia. After earning your bachelor’s degree from the University of Richmond and juris doctorate from the University of Virginia, you pursued a career that would bring justice to thousands of people. You are an attorney and have served hundreds of clients over a 50-plus-year career. You have argued complex legal matters and deposed hundreds of experts and witnesses. Perhaps most notably, you have represented thousands of injured asbestos plaintiffs in lawsuits filed in multiple states, and you currently serve on the C. E. Thurston & Sons Asbestos Trust Advisory Committee.

In 1999, you joined William & Mary's Board of Visitors, and you served as Rector from 2001 to 2003. During your tenure on the board, you advocated for fiscal responsibility to strengthen William & Mary's financial foundation. As rector, you made it your priority to bolster the university’s partnership with its neighboring region, planting the seeds for the special relationship that William & Mary and our region continue to enjoy today. You are an emeritus member of the William & Mary Business School Foundation.

You define the concept of “a pillar of a community,” leading and actively supporting many civic, religious and educational organizations. You previously served as chairman of the Newport News Planning Commission and a member of the Newport News City Council where you were Vice Mayor. You have also served as a trustee of the Mariners’ Museum and member of the board of the Virginia Living Museum. You were a president of the Christopher Newport University Education Foundation, chairman of Mary Immaculate Hospital and a member of the Peninsula Alliance for Economic Development board of directors.

Through your involvement and leadership in professional organizations like the Virginia State Bar, the Virginia Trial Lawyers Association and the American Association for Justice, you have advanced the rule of law in the Commonwealth. You’ve been admitted to practice before the United States Supreme Court, the Virginia Supreme Court, the United States District Court for the Eastern District of Virginia and the United States Court of Appeals for the Fourth Circuit. Your peers regard you as one of the nation’s preeminent attorneys, naming you among the “Best Lawyers in America” from 2001 to 2020. Your inclusion in this list counts you in the top five percent of practicing lawyers in the United States.

Donald Neal Patten, for your steadfast dedication to William & Mary and our region, the university is proud to honor you. With the authority vested in me by the Board of Visitors and the Ancient Royal Charter of The College of William & Mary in Virginia, I hereby confer upon you the degree of Doctor of Laws, Honoris Causa.

Anthony Stephen Fauci, your lifelong service as a physician and world-renowned medical researcher has positioned you at the forefront of the United States’ efforts to combat viral diseases. As our nation’s top infectious disease expert, you lead with a steady demeanor and unyielding commitment to facts.

A native of Brooklyn, New York, you grew up in an apartment above your family’s drugstore and delivered prescriptions on your bicycle. You credit your parents and your Jesuit education with your lifelong interest in public service.

You earned a Bachelor of Arts degree from the College of the Holy Cross, where you majored in classics and pursued a pre-med track. You have said your liberal arts and sciences background prepared you just as much for your critical work as your medical degree because it taught you to understand humanity. You graduated from Cornell University Medical College with a Doctor of Medicine and completed an internship and residency at The New York Hospital-Cornell Medical Center.

You joined the National Institutes of Health as a Clinical Associate at the National Institute of Allergy and Infectious Diseases (NIAID) in 1968. In 1980, you were appointed Chief of the NIAID Laboratory of Immunoregulation. One year later, you would reshape your research to focus on the emergence of a devastating virus: HIV/AIDS.

You became one of the first immunologists to research HIV/AIDS. You were one of the principal architects of the President’s Emergency Plan for AIDS Relief. The program has saved millions of lives throughout the developing world. You continue to lead the United States’ efforts to eradicate the epidemic by 2030.

Today, your leadership on the COVID-19 pandemic as NIAID director has made you an international household name. You have become one of the country’s top experts and trusted medical figures, willing to answer questions and speak publicly. As White House medical advisor, you have used your platform to help the general public understand the science around COVID-19 and to advocate for effective mitigation strategies that every individual can take, including vaccination and mask-wearing.

Throughout your career, you have advanced basic and clinical research on the pathogenesis and treatment of immune-mediated and infectious diseases and helped pioneer the field of human immunoregulation. You have advised seven presidents on many domestic and global health issues. In 2008, President George W. Bush awarded you the Presidential Medal of Freedom for your “determined and aggressive efforts to help others live longer and healthier lives.”

While your dedication to your life-saving work has gained you worldwide recognition, you find your greatest fulfillment with your wife and three daughters.

Dr. Anthony Stephen Fauci, William & Mary is honored to recognize your exceptional achievements as a physician, public official and world-renowned medical researcher. With the authority vested in me by the Ancient Royal Charter of The College of William and Mary in Virginia, I hereby confer upon you the degree of Doctor of Science, Honoris Causa.
The Candidates for Degrees

In the 327th year of its founding, William & Mary awarded 2,668 degrees. They include some 1,623 undergraduate degrees and 1,045 graduate degrees.

Of the undergraduate degrees, 794 are the Bachelor of Arts; 644 are the Bachelor of Science; 185 are the Bachelor of Business Administration.

Of the graduate degrees, 313 are the Master of Business Administration; 77 are the Master of Accounting; 17 are the Master of Arts; 54 are the Master of Education; 149 are the Master of Science; 97 are the Master of Arts in Education; 13 are the Master of Public Policy; 8 are the Educational Specialist; 37 are the Master of Laws; 179 are the Juris Doctor; 35 are the Doctor of Education; and 66 are the Doctor of Philosophy.

Prizes and Awards

The Lord Botetourt Medal is awarded annually to the graduating senior who has attained the greatest distinction in scholarship.

The James Frederic Carr Memorial Cup is awarded to a graduating senior on the basis of character, scholarship and leadership. It was established as a memorial to James Frederic Carr, a former William & Mary student who served in World War I and lost his life before he could return to William & Mary.

The Thatcher Prize for Excellence in Graduate and Professional Study is given to an outstanding graduate student completing an advanced degree in Arts and Sciences, Education, Marine Science, Business Administration or Law, and is awarded on the basis of scholarship, character, leadership and service. Initiated in 2000 by William & Mary, the award honors Margaret, The Lady Thatcher, 21st Chancellor of the University, in recognition of her seven-year term of service.

The Algernon Sydney Sullivan Award, given in the form of a medallion, is in recognition of influence for good, taking into consideration such characteristics of heart, mind and conduct as evince a spirit of love and helpfulness to others. It is awarded each year to two members of the student body and to a third person possessing the characteristics specified by the donors.

The Thomas Ashley Graves, Jr., Award is presented annually to a member of the faculty in recognition of sustained excellence in teaching. To honor Thomas A. Graves, Jr., 23rd President of William & Mary, the award has been endowed by alumni and friends of the former president.

The Charles Joseph Duke, Jr., and Virginia Welton Duke Award is awarded annually to an outstanding William & Mary employee or one contracted to provide auxiliary services. It has been endowed by Charles Bryan Duke and Ann Evans Duke in memory of Charles and Virginia Duke for their years of distinguished and loving service to The College of William and Mary in Virginia.

The College and Royal Coats of Arms

William & Mary was the first American institution of higher learning to be granted a royal coat of arms issued on May 14, 1694 by the College of Arms in London. The College Coat of Arms depicts college buildings in silver on a green field with a golden sun against a blue sky. The seal does not represent actual William & Mary buildings because the coat of arms was issued before construction began on what is now called the Wren Building. The royal charter calls for a “common seal” for William & Mary and that original seal included the coat of arms in the center.

The two smaller shields represent the royal arms of the House of Stuart, from which Mary II was descended, and of King William III (of England) & II (of Scotland). The escutcheon depicting a golden lion on a blue field appears on King William’s coat of arms as a reference to the royal house of Nassau to which William belonged.

The College Mace

The College Mace is carried by the president of the Student Assembly, or a designated representative, at official William & Mary convocations as a symbol of the authority vested in the rector of the university and delegated to the president of the university. As such, it always precedes the rector and the president.

Designed and handcrafted by the Gorham Company of New York, the mace is made of
sterling silver. It was given to William & Mary by alumni and students at Charter Day on February 8, 1923, upon the 230th anniversary of the granting of the Royal Charter.

The mace is four feet long. Its 12 key sections commemorate many of the people and events in William & Mary’s 300-year history. They include: an American eagle, symbolizing liberty and freedom of thought; a sphere, symbolizing unity; the College Coat of Arms; arms representing the early chancellors of the university; the seven seals of Colonial Virginia; colored enamel emblems including flags and arms of Great Britain, Virginia, and the United States; full-size reproductions of three William & Mary medals; the names of 38 distinguished alumni; the globe, with the continents outlined; the names of the colonial governors of Virginia; American Indian head emblems commemorating the Brafferton Indian School, one of the three William & Mary departments before the American Revolution; and the names of the presidents of William & Mary.

When not in use, the mace is placed in the Earl Gregg Swem Library under the care of the university archivist.

**The Marischal Mace**

The Marischal Mace is carried by an elected representative of the Graduate Council of the Student Assembly at official William & Mary convocations.

A gift from the University of Aberdeen in honor of William & Mary’s 300th anniversary, the mace was presented by the University’s Principal and Vice Chancellor, Professor John Maxwell Irvine. The University of Aberdeen is comprised of King’s College (founded 1495) and Marischal College (founded 1593), where William & Mary’s founder and first president, the Reverend James Blair, was educated.

The mace, a silver replica of one of the two maces carried by Sacrists at traditional university ceremonies in Scotland, was first carried in academic procession at the Charter Day ceremony in February 1993.

When not in use, the mace is placed in the Earl Gregg Swem Library under the care of the university archivist.

**William & Mary / University of St Andrews Joint Degree Programme Coat of Arms**

This Coat of Arms was officially recognized in 2015 by the Scottish Heraldry Board. It was designed by two Joint Degree students, Abigail Gomulkiewicz and Andrew Hashim (both Class of 2015) to be a unifying symbol of the joint venture. The Coat of Arms presents William & Mary’s griffin and St Andrews’ dragon together holding up the book of knowledge; the third golden key rising from the other two represents the Joint Programme as a third entity growing from the two distinct universities. The Latin motto means “seek knowledge constantly.”

**Badges and Chains of Office**

The Chancellor’s Badge and Chain of Office were presented to William & Mary by the Society of the Alumni at the investiture of Chancellor Warren E. Burger at Charter Day on February 7, 1987.

The Rector’s Badge and Chain of Office were presented to the university by Anne Dobie Peebles ’44 upon her retirement from the Board of Visitors. She served 13 years on the Board, the last three as rector.

The President’s Badge and Chain of Office were first worn by President W. Taylor Reveley III in 2018. The badge and chain of office were gifts from President Reveley to the university in memory and honor of those William & Mary presidents who preceded him and those who will follow.

Each piece was handcrafted by the firm of Thomas Fattorini, Ltd. of Birmingham, England, and features an enameled depiction of the coat-of-arms of William & Mary, issued in 1694 by the College of Arms (heraldry) in London as specified in the royal charter. The President’s badge is crafted of silver and gold; the Chancellor’s badge of silver and enamel and the Rector’s of silver and gold.

When not in use, the Badges and Chains of Office are placed in the Earl Gregg Swem Library under the care of the university archivist.
**Academic Regalia**

The ceremonial robes worn in the academic procession speak by their shapes and their colors of the breadth and intricate structure of the academic world. Against the basic black of caps and gowns worn by the students receiving bachelor's and master's degrees, the colors of diverse universities and academic fields stand in high relief. The gowns themselves are of different shape—note especially the sleeves—for bachelors, masters and doctors. The typical American cap is flat with a tassel draped over the front edge, but some universities in the United States and abroad use caps that are softly peaked or round and stiff. Hoods, too, differ in shape for each of the traditional degrees. The lining of the hood announces by its color the university conferring the degree—note the green, gold and silver of William & Mary. William & Mary's distinctive green doctoral robe was first worn by graduates at Commencement 2002. With an open front in the tradition of the British universities, the piping on the chevrons identifies the degree conferred (dark blue for the Ph.D., light blue for the Ed.D. and purple for the J.D.). The edge of all of the hoods as well as the chevrons and piping on academic gowns mark the field of study according to the following color scheme:

- Agriculture
- Arts, Letters, Humanities
- Commerce, Business
- Economics
- Education
- Engineering
- Fine Arts, Architecture
- Journalism
- Law
- Library Science
- Medicine
- Music
- Oratory
- Philosophy
- Physical Education
- Public Administration
- Science
- Social Work
- Theology

**Student Speaker**

This year's speaker, Kathryn Donati, graduated in 2020 with her Bachelor of Arts in English Literature. During her time at William & Mary, Kate found her joy working in the Office of Undergraduate Admission and served as both a Senior Interviewer and Tour Guide. She was especially passionate about helping the new generations of students find their home on campus and considers her time spent as an Orientation Aide among the most meaningful of her undergraduate experience. As a sophomore, Kate began working at Campus Recreation as a Group Fitness Instructor, teaching yoga to her fellow community members, and in early 2020, Kate was one of the first student instructors on the East Coast to lead virtual fitness classes. Currently, Kate lives and works in New York City as a high school English teacher. She is in the process of applying to various programs in pursuit of her Master's in Literature and plans to continue teaching, both in the classroom and the yoga studio. She wants to thank her parents, Melissa and Brian Donati, for all of their support and is very grateful to be able to share in this unique graduation experience.

**Senior Class Representatives**

- Cody D. Mills, President
- Zie L. Medrano, Senator
- Joshua B. Panganiban, Senator
- Andrew C. Scarafile, Senator
- Angela L. Tiangco, Senator

**Student Government Representatives**

- Kelsey J. Vita, President, Student Assembly
- Erin S. Schwartz, President, The Graduate Council of the Student Assembly

**Senior Class Gift**

Even during difficult times, 2020 Senior Class Gift donors supported various areas of William & Mary. 2020 donors either made an unrestricted gift for William & Mary's most pressing needs, or designated their gift to different areas including academic departments, student organizations and athletics. A cement paver commemorating the Class of 2020's class giving participation percentage is embedded in the brick sidewalk near the Sunken Garden in the area known as the “Senior Walk.” Thank you, to the Class of 2020, for supporting the future of William & Mary.

**National Anthem**

Spencer R. Leibow (Biology), 9:30 a.m.
Sara E. Richard (Film & Media Studies), 2:30 p.m.
Commencement Policy Committee

Administrative Staff Members
Virginia M. Ambler, Vice President for Student Affairs (Chair)
Michael J. Fox, Assistant to the President (ex officio)
Lauren M. Garrett, Director, Student Transition Engagement Programs (ex officio)
Andrea M. Harris, University Events (ex officio)
Gregory M. Henderson, Chief of Staff, Student Affairs (ex officio)
Sara L. Marchello, Associate Provost and University Registrar (ex officio)
Marilyn W. Midyette, Executive Director, Alumni Association (ex officio)
Dorothy S. Osborne, Assistant Dean, School of Education (ex officio)
Carlane J. Pittman, Director of MBA Programs (ex officio)
Laura N. Shepherd, Associate Dean, William & Mary Law School (ex officio)
Stephen W. Tewksbury, University Events (ex officio)
Brian W. Whitson, Chief Communications Officer (ex officio)

Faculty Members
Iris C. Anderson, Marine Science
Deborah C. Bebout, Chemistry
Jamie B. Diaz, Raymond A. Mason School of Business
R. Heather Macdonald, Geology
Thomas J. McSweeney, William & Mary Law School
Thomas J. Ward, School of Education

Student Members
Kelsey J. Vita, Student Assembly President
Cody D. Mills, Senior Class President
Zie L. Medrano, Class of 2020 Senator
Angela L. Tiangco, Class of 2020 Senator
Erin S. Schwartz, Graduate Council President
Jay Al-Hashimi, Raymond A. Mason School of Business

Alma Mater
Hark the students’ voices swelling,
Strong and true and clear
Alma Mater’s love they’re telling
Ringing far and near.

CHORUS
William & Mary loved of old
Hark upon the gale,
Hear the thunder of our chorus
Alma Mater hail!

All thy sons are faithful to thee
Through their college days;
Singing loud from hearts that love thee
Alma Mater’s praise.

Iron shod or golden sandaled
Shall the years go by –
Still our hearts shall weave about thee
Love that cannot die.

God, our Father, hear our voices
Listen to our cry
Bless the college of our fathers
Let her never die.

– James Southall Wilson (1902)
The Years in Review
2016 – 2020
The Years in Review

William & Mary launched For the Bold campaign to raise $1 billion.

In the fall of 2015, William & Mary launched a $1-billion campaign, the most ambitious fundraising effort in the university’s history. The initiative, titled For the Bold: The Campaign for William & Mary, was rolled out with the announcement of a $50-million anonymous campaign commitment — the largest ever received by the university. William & Mary is the smallest public university in the nation to ever embark on a campaign of this magnitude.

In September 2016, the first regional kickoff of the For the Bold campaign was held in New York City. The Empire State Building shined brightly in green and gold in honor of the nearly 13,000 alumni, parents and friends in the area and over 97,000 alumni around the globe. The campaign concluded in 2020, raising a total of $1.04 billion and making possible wide-ranging transformations across the university. Throughout For the Bold, gifts from donors funded more than $303 million in scholarships for students, the top priority for the campaign.
Michael “Pinball” Clemons ’89 gives dynamic Charter Day address

Clemons, a former football All-American and member of the Canadian Football League Hall of Fame, is a legend in Canada. He became a member of the CFL’s Hall of Fame after retiring in 2000 with more combined yards than any player in CFL history, winning five Grey Cup championships with the Toronto Argonauts — one as the league’s first black head coach to do so. He has been recognized as “the classiest man in Canadian sports” by Dolce magazine for the Pinball Clemons Foundation and a myriad of other charitable endeavors. His foundation, steeped in a philosophy of education, partnered with another charity to build more than 200 schools in nine countries.

Building Boom

The third phase of William & Mary’s Integrated Science Center was completed.

A new addition to the Integrated Science Center opened for the fall 2016 semester. The new facility serves as the focal point for research done in applied science. The space devoted to instructional labs and research labs has opened additional opportunities for undergraduates to participate in research.

William & Mary Law School dedicated the James A. and Robin L. Hixon Center for Experiential Learning and Leadership.

The dedication of the two-story, 12,000-square-foot center in the spring of 2017 marked the culmination of a 16-year building program, which has more than doubled the physical size of the school. According to Dean Davison Douglas, the new space reflects the school’s “strong emphasis on preparing students to practice law the day they graduate.”
William & Mary celebrated the 50th Anniversary of African Americans in Residence

Beginning in August 2017, William & Mary commemorated the 50th anniversary of the first African American students in residence — Lynn Briley, Janet Brown Strafer and Karen Ely (class of 1971) — with a year-long series of special events, guest speakers and performances, beginning with Convocation weekend and continuing through Commencement in May 2018.

The theme was Sankofa, which, in the Akan Language of West Africa, reflects the idea that “it is not taboo to go back and fetch what you forgot.” Our commemoration slogan, “Building on the Legacy,” derives from the Sankofa teaching that we must know and understand our past in order to move forward and make the most of our future.

100 Years of Women

Beginning in 2018, William & Mary launched a yearlong celebration of the 100th anniversary of coeducation at the university. Over the course of the academic year, the university hosted a series of guest speakers, performances and special events including the first-ever W&M Women’s Weekend for alumnae.

In the fall of 1918, 24 women were admitted as undergraduate students at the university. In 2018, women made up 45 percent of university faculty and 58 percent of the student body. During 2018-19, we celebrated the accomplishments of the 55,000+ alumnae, and the many women students, faculty and staff of William & Mary.

W&M opens entrepreneurship hub

Supported by the Alan B. Miller Entrepreneurship Center at the Raymond A. Mason School of Business, the hub opened in October 2019 and offers programming, networking, co-working space and other resources to students across all disciplines at W&M. “The vision was for a place to cultivate disciplined creativity across the university and with our regional partners, recognizing that collaboration, creative thinking and calculated risk-taking are essential capacities for driving positive change,” said W&M President Katherine A. Rowe.
Inauguration of Katherine A. Rowe

Katherine A. Rowe was inaugurated as William & Mary’s 28th president — and first woman president — during the university’s annual Charter Day ceremony on February 8, 2019. More than 4,000 people attended the event in Kaplan Arena. The ceremony also featured the re-investiture of Robert M. Gates ’65, L.H.D. ’98 as chancellor.

At the ceremony, more than 140 academic institutions and learned societies were represented by delegates from across the country and beyond. Henry Hart, Mildred and J.B. Hickman Professor of English and Humanities, then the poet laureate of Virginia, delivered a poem he wrote to mark the inauguration. Virginia Supreme Court Justice Bill Mims ’79 brought tidings from the Commonwealth. Three former W&M presidents were also in attendance: Taylor Reveley, Timothy Sullivan and Paul Verkuil.
Institute for Integrative Conservation opens, construction projects move forward

W&M’s Institute for Integrative Conservation, funded by a $19.3 million gift from an anonymous alumna, opened in January 2020. The center is at the forefront of transformational research to protect ecosystems and safeguard world populations. It seeks to cultivate leaders to drive policy, advance advocacy and inspire action at the local, national and international levels. In its innovative programming, academia combines forces with public, private and nonprofit sectors to advance solutions to the world’s most pressing conservation and sustainability challenges.

Also in 2020, work began or moved forward on several campus construction projects, including the Reveley Garden, the Sadler Center expansion and W&M’s performing arts facilities. Additionally, a design concept for “Hearth: Memorial to the Enslaved” was approved. When completed in 2022, the memorial and surrounding area will reimagine the Jamestown Road pathway to the university’s Historic Campus, positioned just across the street from the Office of Undergraduate Admission.
William & Mary responds to COVID-19

As the nation responded to the COVID-19 pandemic in early 2020, William & Mary took steps to slow the spread of the virus and safeguard the health of the campus community. In March, the university switched to remote learning, canceled in-person events and asked employees to work remotely. In May, the university hosted a virtual degree conferral ceremony for the Class of 2020 with plans to host an in-person ceremony, when health and safety protocols would allow.

In response to the pandemic, W&M established a COVID Response Team and Public Health Advisory Team, along with case management and quarantine housing systems. All members of the campus community were asked to agree to a Healthy Together Community Commitment to follow specific health and safety protocols, including physical distancing and mask wearing.

The quick pivot required a great deal of creativity, flexibility and innovation from the university community as a whole. Throughout the pandemic, W&M has faced unprecedented trials, experiencing both challenges and successes all while finding ways to support one another and the larger community.
W&M joins President Katherine A. Rowe for virtual conversations

In spring 2020, President Katherine A. Rowe began hosting a series of virtual Community Conversations to address questions about how the university was responding to the COVID-19 pandemic. Each conversation featured people from the university community, including faculty, staff and students, and the topics ranged from wellness to life after graduation. The series kicked off in March with a discussion featuring Student Assembly President Kelsey Vita ’20, Junior Class President Aria Austin ’21, Assistant Professor Carrie Dolan and Professor John Swaddle, who provided some insight into what their first week was like after making the transition to distance learning. The following conversations focused on topics including flourishing during change, confidence and decision-making amid crisis, admission and enrollment challenges and opportunities, leadership decisions regarding COVID-19, journalism during the pandemic and entrepreneurial thinking, among other topics. On May 13, President Rowe talked with some of the 2020 Commencement award recipients about their plans for the future.
New approaches to old traditions

During the university’s first-ever virtual conferral ceremony, William & Mary’s Class of 2020 received words of encouragement and advice from not just one speaker, but several — including Mellody Hobson, president and CEO of Ariel Investments.

While the slate of alumni, faculty, staff, students and others acknowledged that this wasn’t the Commencement ceremony anyone had envisioned, the speakers applauded the graduates for their resiliency during the COVID-19 pandemic and encouraged them — from wherever they might be watching — to celebrate fully the hard work and dedication that had earned them a W&M degree.

The decision to pivot to a virtual ceremony came after Virginia Gov. Ralph Northam announced a “stay-at-home” order for Virginia. The order was in response to national public health projections that COVID-19 cases in the commonwealth may peak in late May.

Along with a virtual ceremony, the Class of 2020 found additional ways to participate in Commencement traditions from afar.

On Friday, May 1, graduates rang in the last day of classes in their own, unique way. The tradition holds that as each graduating student finishes their final class at William & Mary, they’re invited to ring the historic Wren Bell. This year, students couldn’t ring the Wren Bell, so they found alternatives: bicycle bells, dinner bells, cow bells – even a Taco Bell. They submitted dozens of videos ringing in the milestone moment, which were shared on W&M’s Commencement website. The performance was presented as part of the virtual conferral ceremony.

Additionally, Director of Choirs James I. Armstrong conducted a virtual chorus in singing the Alma Mater. The chorus included nearly 300 voices and was composed of current and former choral members, scattered across the globe.
WILLIAM & MARY

Traditions
Convocation

Continuing a tradition that was reinaugurated during William & Mary’s tercentenary in 1993, William & Mary begins each fall with Opening Convocation to celebrate the start of the academic session.

On the first day of classes, faculty, staff and students gather at the Sir Christopher Wren Building to signify the beginning of the academic year and to officially welcome all of our entering William & Mary students.

At the conclusion of the ceremony and the tolling of the Wren Building bell, the president leads the new students in a special procession from the front lawn to the Wren portico, where the new students are warmly welcomed by current members of the faculty, staff and student body waiting in the Wren courtyard. A festive campus-wide picnic dinner with live entertainment follows for the entire campus community.
The Raft Debate

Some William & Mary traditions are patently strange (just the way we like them). Consider the Raft Debate, a rhetorical royal rumble between faculty members representing different academic disciplines at the university. Here’s the set-up: Four survivors of a shipwreck are stranded on a deserted island with only one tiny raft. Each must convince the audience that his or hers is the most worthy discipline to bring back to civilization. What follows are wildly theatrical appeals by otherwise normal professors and lots of semi-civil name-calling. The audience picks the winner by the volume of its applause.

The Raft Debate was canceled in 2020 due to COVID-19.
Homecoming

Every October, William & Mary alumni flock to Williamsburg to celebrate and reconnect with classmates and their alma mater. Members of the Tribe, young and old, enjoy four days of parades, academic forums, parties, football and many other events.

Homecoming was held virtually in 2020 due to the COVID-19 pandemic. During the weekend, alumni participated in class reunion Zooms and special programs.
Yule Log Ceremony

Right before students take off for Winter Break is the Yule Log ceremony. On a chilly Williamsburg night, the whole student body squeezes into the Wren Courtyard, where festive “cressets” (wood-burning torches) warm the crowd. The students are treated to live holiday music and student speeches explaining a diverse range of holiday traditions. The climax is when the university president takes the stage to lead the audience in a rousing celebration. Afterward, frozen students pile into the Great Hall to toss ceremonial sprigs of holly into the Yule Log fire for good luck. Then it's hot cider and sugar cookies for everybody.
Charter Day

February brings the annual celebration of William & Mary’s Royal Charter — think “Happy Birthday William & Mary.” Charter Day features speakers of note, along with the distribution of honorary degrees and prestigious awards to students, faculty and alumni. In recent years, the weekend has also included a comedy show, sponsored by Alma Mater Productions and the Student Assembly, and the first ever Fire & Ice block party.

In 2020, W&M bestowed honorary degrees on Jamestown-Yorktown Foundation Executive Director Christy Coleman, former Rector Susan Aheron Magill ’72 and former Ambassador and U.S. Under Secretary for Political Affairs Thomas A. Shannon Jr. ’80. The event also featured a carnival (dubbed “charnival”) featuring food and games, and performances by Griffin Bhangra, Phi Mu Alpha Sinfonia, the W&M Choir, W&M Wind Ensemble and W&M Pep Band.
Last Day of Classes

On the last day of classes in the spring, graduating students are invited to ring the ceremonial Wren bell. While the Class of 2020 held a virtual bell ringing in May 2020, many of its members rang the bell in person when they returned to campus for their in-person Commencement ceremony.

Commencement Weekend: The Candlelight Ceremony

The Friday of Commencement weekend, graduating students are invited to gather for a candle-lighting ceremony. Tradition holds that the seniors select three speakers — one faculty member, one administrator and one fellow student — each of whom has had a close relationship with the class during their years at William & Mary. The atmosphere is fun and nostalgic, culminating in illuminating and raising the candles together as a graduating class. And, of course, with candles aloft, they sing the Alma Mater. The Class of 2020 hosted its Candlelight Ceremony on the Friday night of their in-person Commencement weekend.
The Walk Across Campus

William & Mary’s unique Commencement completes the symbolic circle begun by the Opening Convocation ceremony. Four years after they emerged from the Wren portico to the cheers of their classmates, the graduating students now return in the opposite direction, passing back through the portico dressed in their full graduation regalia. From there, they continue their “Walk Across Campus” to Kaplan Arena, where Commencement ceremonies are held. Many graduates of the Class of 2020 participated in their Walk Across Campus immediately preceding their in-person Commencement ceremony.
COMMENCEMENT
PRIZES AND AWARDS
The Lord Botetourt Medal
Kristen Popham

The Lord Botetourt Medal was established in 1772 “for the honor and encouragement of literary merit.” In contemporary times, it has been given to the graduating senior who has attained the greatest distinction in scholarship. The 2020 recipient is KRISTEN POPHAM.

Recognized by her professors as a brilliant and fearless student, KRISTEN POPHAM approaches learning with humility and wonder. A double-major in government and French & Francophone Studies, her near-perfect GPA, academic pursuits and empathy for those around her make Kristen an outstanding member of the William & Mary community. Nominators describe her as a valuable research partner, writing, “Collaborating with her has been a wonderful experience. She is diligent, insightful, and unafraid of offering criticism.”

Kristen has a mature ability to forge connections between her intellectual work and the world around her. While her intellectual capacity and motivation are extraordinary, she is distinguished by her deep interest in the success of her peers and compassion for her fellow humans.

Kristen worked with Merrimac Mentors, a program designed to build relationships among William & Mary undergraduates and young people at a local juvenile detention center. Through the program, she bridged differences in order to share life skills and self-confidence, including organizing tours of local community colleges and other opportunities to ease residents’ reentry into the community.

Kristen thinks in scholarly and personal terms. She serves as a youth ambassador to the Arthritis Foundation and advocates for students with chronic illnesses. One professor writes: “Kristen’s foremost strengths as a student scholar lies in her ability to identify puzzles in the operation of the social and political world and to begin to develop approaches to solving those puzzles ... Kristen has a fine mind for qualitative analyses of discourse. Her interest in the meaning and treatment of chronically ill people, by civic institutions broadly and within disability studies specifically, marks her as an empathetic scholar with the potential to make politically and socially relevant scholarship.”

Kristen pursues her work with a firm intellectual grounding, steadfast commitment and high level of self-awareness and empathy for others. Her nominators agree that the substance of her work and the connections it has helped her forge beyond the university make her a most deserving recipient of this recognition.

The James Frederic Carr Memorial Cup
Elizabeth Thomas

The Carr Cup is awarded to a graduating senior on the basis of character, scholarship and leadership. The recipient should be a well-rounded student, having good standing in all three of these respects, and carrying within the spirit of willingness to sacrifice and give oneself to a cause. This year’s recipient is ELIZABETH THOMAS.

ELIZABETH “ELLIE” THOMAS has unwaveringly devoted herself to the cause of improving William & Mary for her fellow students. A nominator writes, “Quietly, persistently, diligently, and with LOTS of personal sacrifice that you never once heard her complain about, Ellie gave herself to the cause of improving W&M for others and making it a better place.”

Ellie is known as a person of integrity and character, and a caring and compassionate student. An advisor describes her as an individual who can be trusted with responsibilities and relationships. In her outgoing remarks to the 327th Senate of Student Assembly, she urged the next cohort of student leaders to uphold “the importance of civil discourse and to create space to hear and respect the opinions of minority voices.”

A born leader, Ellie does not seek to be the loudest voice in the room. Rather, she has garnered the admiration, respect and appreciation of her peers, faculty and staff through quiet and persistent leadership. She advances meaningful change through teamwork and partnerships, never seeking the individual spotlight.

Poised and professional, she connects her academic and co-curricular interests for the betterment of her community. Her efforts led William & Mary to create a chapter of the Alexander Hamilton Society, a student-led organization dedicated to promoting constructive debate on foreign affairs issues.

A motivated student in and out of the classroom, Ellie combines an outstanding work ethic and superior critical thinking skills. She has chosen a career path in public service, and as a student, she secured practical experiences through internships, fellowships and study abroad. Ellie’s next stop is graduate school to pursue a degree in International Affairs as well as Navy Officer Candidate School so that her work in international affairs can be through the lens of a public servant.

Ellie brings a positive and determined energy to all of her endeavors and embodies the traits of fairness, preparedness and reflection. Through her words and deeds, she has created a place for others to flourish and find their way at William & Mary.
The Thatcher Prize for Excellence in Graduate and Professional Study

Hillary Kody

The Thatcher Prize was created in honor of the 21st Chancellor of William & Mary, Margaret, The Lady Thatcher. The award is presented annually to recognize an outstanding student in graduate or professional study. The winner is selected on the basis of scholarship, leadership, character and service. The recipient of the 2020 Thatcher Prize is HILLARY KODY.

HILLARY KODY has distinguished herself at the William & Mary Law School through her graceful intelligence and hard work. One nominator wrote, “While some students excel at the details of doctrine and rules, others are more comfortable with the constitutional and theoretical perspectives. Few students can navigate both camps well. Hillary is one of those students.”

Several members of the William & Mary Law School faculty remark that they are impressed with Hillary’s performance as a student and also her personal qualities of trustworthiness and diligence. Professor Anna Perez Chason writes, “I observed that Hillary is a person of impeccable character, I had no qualms in recommending her to federal investigators for a security clearance, which she earned. She used that clearance to serve the country while working for the US Defense Intelligence Agency.”

It came as no surprise to those who know Hillary when she made the William & Mary Law Review and ultimately rose to Editor-in-Chief. Leading Law Review, the law school’s flagship journal, required an enormous amount of time and dedication, as it receives thousands of submissions during the publication cycle. Also, Hillary published her note, titled Standing to Challenge Familial Searches of Commercial DNA Databases. The subject tackles the timely legal subject of standing in the context of Fourth Amendment searches of DNA databases.

As a teaching assistant, Hillary was well-loved by her first-year law students, who noted her thorough explanation of materials and thoughtful and clear responses. Faculty confirm that Hillary went far beyond what is expected of a law school teaching assistant and made the students feel comfortable about the learning process. Peers hold Hillary’s leadership in high regard, electing her Associate Chair of the Honor Council. Hillary has also served the public working with the William & Mary Appellate and Supreme Court Clinic.

Hillary is intelligent, hardworking and a true credit to William & Mary and to the legal profession. After graduation, Hillary will work in a clerking position at the United States Court of Federal Claims in Washington, D.C.

The Algernon Sydney Sullivan Awards

Cameron How, Milka Mered, Linda Knight

To perpetuate the memory of the life of Algernon Sydney Sullivan, the New York Southern Society has arranged to make awards to two students in our graduating class, and to one other person who has a close relationship with the university. In the selection of recipients, nothing is considered except characteristics of heart, mind and helpfulness to others. This year, the winners are CAMERON HOW, MILKA MERED and LINDA KNIGHT.

CAMERON HOW is known among peers, faculty and staff as an exceedingly accomplished and uncommonly gifted individual with a strong desire to make a positive impact in his community and world. Respected for forging deep human relationships, Cameron cultivates meaningful connections with those around him.

Cameron genuinely wants to help people, a thru line of every relationship he has, no matter how small. Nominators praise his empathy and compassion, qualities that make him a thoughtful and reflective listener and a talented communicator.

In the summer of 2018, Cameron participated in a transformative experience during a study abroad pilgrimage in Spain. A faculty member writes, “During our 200 mile trip, Cameron achieved an almost legendary status for his ability to draw people into conversation. He has this beautifully unassuming way of asking deep, thought-provoking questions, questions that, according to the other students, challenged them to think in new ways.”

As a Civic Agency Project fellow, Cameron has worked to connect alumni and students in meaningful relationships through an innovative coaching model. A committed leader, Cameron has served as a President’s Aide, Orientation Aide, Vice President of Mortar Board and was involved with Student Assembly. Cameron co-organized the 2019 Yule Log ceremony. He arranged and publicized a student leadership luncheon and public lecture featuring Dr. Fredrick Lawrence, Secretary and CEO of Phi Beta Kappa’s national office. He also facilitated a conversation on courageous leadership with former rectors Todd Stottlemyer ’85 and Michael Powell ’85, and Generation Hope CEO Nicole Lewis ’03.

One nominator concludes, “Cameron uses his head, heart and commitment to understanding people in most things that he does. Cameron represents all that is good about William & Mary but he also challenges the less desirable aspects of the not so good to better understand the why.” Through unfailing work ethic and commitment to others, Cameron has advanced William & Mary’s values of belonging, curiosity and excellence.

34 • Prizes and Awards
MILKA MERED advocates for equity in higher education with passion and steadfast determination. Her leadership has increased inclusivity on campus and improved the experiences of underrepresented students.

Nominators describe Milka as one of the most effective student leaders they have ever worked with. They write, “The change she has effected on campus is remarkable, perhaps partly due to the way her work cuts across the typical boundaries between students, staff, faculty and administration.”

Milka served as a resident assistant, resident counselor for the university’s Preparing for Life as a University Student (PLUS) program and a President’s Aide. Through her service, Milka sought to understand the experiences of students on campus and build partnerships to catalyze solutions.

As an intern and program assistant with the Center for Student Diversity, Milka conducted research on the contemporary experiences of students of color at William & Mary. Her nominators state: “Milka’s effective presentation of that evidence to A&S department chairs and program directors, student affairs staff and campus leadership further served to renew and strengthen efforts to make our campus better for all of our students.”

A skillful and mature communicator, Milka builds partnerships to strengthen her work. In 2019, Milka began partnering with the Center for the Liberal Arts (CLA) as one of the first Student Pedagogical Fellows. Her work to represent student perspectives directly resulted in improved classroom climates, with one faculty member noting, “Her advice helped to make the classroom discussions on complex issues of racism in our criminal justice system some of the best I have experienced in several years of teaching the topic.”

Milka leaves a lasting legacy at the CLA. She helped design a program to train future cohorts of student fellows and a workshop to promote faculty engagement with student partners.

Milka exemplifies William & Mary’s vision of seeking to understand and change the world for the better. She has made a lasting impact by making William & Mary a more welcoming and inclusive campus.

As long-time Director of Campus Recreation, LINDA KNIGHT not only makes physical fitness a priority for the William & Mary community but places the wellbeing of students at the center of her work.

Known for setting a high bar for success, Linda manages programming that directly impacts many students, from club sports and intramurals to fitness and outdoor programs. One nominator writes, “Her self-less dedication has not only made the Rec a student favorite, but William & Mary a far better place.”

A talented community-builder, Linda has ensured that the Bee McLeod Recreation Center is a place of belonging for students, faculty and staff. She has supported and led her staff through major changes at the facility, including the addition of virtual classes during the COVID-19 pandemic.

Linda’s advocacy for free group fitness classes persuaded the Parent & Family Council to set up a trial program. The program found overwhelming success. A permanent endowment was established by J. Goodenow “Goody” Tyler III HON ’11 and the late H. Elizabeth “Bee” McLeod ’83, M.B.A. ’91 to ensure free classes will exist for all time coming.

Linda’s care for students runs deep, and she regularly reaches out to ensure students have the resources and support they need to thrive. A student nominator writes, “During my time at William & Mary, I found a second home at the Campus Recreation Center. As a wide-eyed freshman who needed some way to de-stress from taking classes, making new friends and living with a roommate, I loved that I could walk into a building that was dedicated to my physical and mental wellbeing. It felt like everything run by Campus Recreation was designed to create a sense of community and to carve out time for fun — two critical pieces of any college experience.”

Linda oversees beloved and critical programs, including events like Late Nite at the Rec, CPR training, over 40 club and intramural sports, the Canoe Battleship Program, the Tribe Adventure Program, FitWell classes and an annual 5k race. Her work has enhanced both wellness and community at William & Mary.
Lizabeth A. Allison

Lizabeth A. Allison, Chancellor Professor of Biology, has won the Alumni Fellowship Award for Teaching (2002), the William & Mary Advisor of the Year (2009), Arts & Sciences Faculty Award for Teaching Excellence (2011) and numerous other awards, including the State Council of Higher Education for Virginia’s Outstanding Faculty Award (2009). She received a national award from the American Society for Biochemistry & Molecular Biology: the Ruth Kirschstein Diversity in Science Award for “an outstanding scientist who has shown a strong commitment to the encouragement of under-represented minorities to enter the scientific enterprise and/or to the effective mentorship of those within it.”

Professor Allison is a master teacher at all levels, with stellar teaching evaluations from 400+ freshmen in introductory cell and molecular biology, in her upper level Molecular Genetics course, and with advanced seminar courses for seniors and graduate students. Students emphasize her great enthusiasm, meticulous organization, clear and cogent style, easy approachability, interesting presentation and integration of current issues. Impressively, students describe her long, challenging exams in terms such as “tough but stimulating.” One student described her perfectly: “Her passion for teaching is evident in every lecture and activity. She keeps students engaged because she is always engaged, always present in the classroom. Her teaching style is the appropriate mixture of clear explanations combined with a compassionate attitude and a healthy dose of humor.”

Professor Allison is an expert on the molecular genetics of thyroid hormone receptors. She has gained consistent federal funding for research published in major journals in her field. With that funding, she has trained Ph.D. students and post-doctoral fellows, but the core of her lab always includes undergraduates and usually a master’s student. As a research mentor as well as classroom teacher, Dr. Allison is superb. What’s even more impressive about Professor Allison is that she has achieved this sustained excellence as a beloved teacher while also maintaining a rigorous, federally-funded research program, writing two textbooks, and serving as department chair.

For her dedication to students, to the life of learning and to William & Mary, we honor Lizabeth Allison with the 2020 Thomas Ashley Graves, Jr. Award for Sustained Excellence in Teaching.

Christopher R. Gareis

Christopher R. Gareis has spent three decades, from his first days as a high school English teacher fresh out of college to his current position as a professor and scholar of curriculum, instruction and assessment, delving deeply into the practice of teaching. He has demonstrated a constant commitment to refining his own teaching practice with intentionality and humility. His students describe him as a teacher who both challenges and supports them, creating a classroom culture of mutual respect and collaboration. As a colleague noted, “It is evident that Chris counts as a privilege the opportunity to engage with and influence students.” A student shared, “He always offered comments designed to further our scholarly pursuits, leaving me feeling like he’d partnered with me as I wrestled with my personal development of the concepts.”

Professor Gareis expertly blends his research, service and practice experience into his teaching. He is regularly called upon to lend his expertise to school districts in the U.S. and abroad as they develop and implement teacher mentoring and educational assessment policies and practices. Through this work, he is transforming the way educators think about learning and assessment, and promoting practices that achieve deeper learning outcomes for students.

In addition to his deep expertise in the science of teaching and learning, Professor Gareis strives to create connections and tailor his instruction to the needs, context and experiences of each student. His ability to individualize learning maximizes academic growth and inspires students to grow as scholars and practitioners. As one student shared, “His approachable nature and caring understanding of the whole person lead to personal growth, not merely knowledge transfer.” Another student shared, “I think Dr. Gareis’s most impressive qualities, however, are his obvious joy of teaching and his expressed anticipation of learning from students’ scholarship.”

For his dedication to students, to the life of learning and to William & Mary, we honor Christopher R. Gareis with the 2020 Thomas Ashley Graves, Jr. Award for Sustained Excellence in Teaching.

The Thomas Ashley Graves, Jr. Awards For Sustained Excellence In Teaching

The Thomas Ashley Graves, Jr. Award is named for the twenty-third President of William & Mary and recognizes sustained excellence in teaching. The recipient of the award is selected annually by the President from nominations submitted by each of the academic deans.
The Charles Joseph Duke, Jr. and Virginia Welton Duke Award

Annually, an endowment from Charles and Ann Duke makes possible an award to an outstanding employee of the university. The award is given in memory of Mr. Duke’s parents for their years of distinguished and loving service to William & Mary. Charles and Ann’s daughter, Emily, now represents the family during the annual Duke Award ceremony. The 2020 winner is KATHLEEN “KATHY” MORGAN.

Kathy Morgan

As Associate Director for Faculty Personnel Services in the Office of the Dean of Arts & Sciences, KATHY MORGAN manages critical matters related to faculty recruitment, hiring, retention, tenure, promotion and pay. Colleagues describe her as “a professional in every sense of the word.”

Known for her thorough attention to detail, Kathy guides colleagues navigating complex processes with kindness and patience. Faculty in Arts & Sciences praise her insights and advice. A critical thinker, Kathy scans processes in order to increase efficiency and support those around her. One faculty member writes, “[S]he knows her stuff. This is not by chance, but through the steady accumulation of expertise and experience garnered by a seriously committed employee with a professional ethos.”

Kathy’s work on faculty recruitment in Arts & Sciences has yielded valuable strides in the creation of equitable recruitment practices. Kathy seeks out best practices within the field through workshops, symposiums and conferences on affirmative action, equity, equal opportunity and diversity and inclusion. She brings this learning back to the university and incorporates it into her daily work. One nominator writes, “I have often used her work and the manner in which she does her work as the exemplar with schools within and outside of William & Mary.”

Selfless in her dedication to the university, Kathy takes seriously the success of departments’ and programs’ hiring efforts. She goes above and beyond to honor last-minute requests for letters of intent. She took on additional, critical responsibilities during a two-month gap between the retirement of the former Arts & Sciences director of administration and finance and the start date of the new director. Because of Kathy’s dedication, including working additional hours, the department avoided disruption of services.

One colleague writes, “She is an exemplary steward of the university’s human and material resources.” A respected colleague and terrific citizen in the William & Mary community, Kathy has made a valuable impact on the Faculty of Arts & Sciences and the university as a whole.
